

Galana Garoma Wamile

male, 25
Engineering

Bio

I, Galana Garoma learned Electrical and Computer Engineering at Addis Ababa Science and Technology University. And I really interested in technologies and a passionate designer, developer and ready to learn new updating techs in software. Also, I developed my skills in all MS-office products, Graphics design, UI/UX design, Frontend and Backend web development, ERP (Odoo) and others after I learned it at different platforms including Coursera, WataT and Mindluster. To develop my skill for more I worked various Internships with companies like Sigma and TechnoHacks. At my college for 5 years in AASTU, I accomplished my thesis "EPM and Online Payment" and trained Dereja Soft-Skill.
